Abbott produced in the senate on Wednesday a letter of Lieut.-gov. Angers to the governor general regarding the Baie des Chaleurs scandal. Angers reviews the whole affair and then demands Stanley's co-operation in appointing royal commission to enquire into the matter, suggesting judges Jette, Baby and Davidson as commissioners, and also requests Stanley to limit the action of the Quebec government to urgent acts of administration in the meantime. It is understood that Mercier has replied to Angers' demand for explanations by disclaiming ministerial responsibility for Pacaud's doings, pleading ignorance thereof and also disputing the authority of the senate to enquire into provincial matters.

The supplementary estimates aggregating nearly a million dollars were submitted to the commons on Wednesday. Edmonton and Prince Albert get \$1,000 each for immigration buildings. MALCOLM McLEOD returned on Thursday's train from a short visit to Regina, Wolseley, Winnipeg and other points in Manitoba. Crops are harvested at the Portage, and should be in Assiniboia but have not been owing to scarcity of binders. Crops are heavy all over. No serious damage has been done by frost in Assiniboia but in Manitoba many sections were badly damaged by early frosts while many more, including the Portage Plains, have almost escaped. SAMPLES.

M. McCauley, president of the agricultural society, has been busily engaged all week in gathering samples of grains and grasses to send to the Winnipeg exhibition. It has been found too expensive to secure samples of threshed grain as the farmers are still so busy with their harvest. A sample of lodoga wheat from O. Mijean's farm St. Albert, is five feet in length with heads six inches long. The following are some of the samples with the names of the grains. Barley and rye, Geo. Long, red fern, and white wheat, three kinds of clover, black Egyptian oats and Rural New Yorker No. 2 potatoes, J. H. Long, Sturgeon, Genesee club wheat, Chevalier two rowed barley, black oats and white peas, D. Craig, red fife wheat and black oats, D. Macdonell, Colorado wheat, D. E. Wilson, Swedish turnips and clover, S. Bailey. The collection includes 56 varieties of wild grasses, including red top 5 ft. 6 inches in length and blue joint over 6 feet long, wild peas podded as thickly as the best cultivated varieties and wild vetch superior to the cultivated vetch shown alongside it. A description of the variety and beauty of these many kinds of grasses is impossible. Of cultivated grasses, there are samples of timothy, red clover, alfalfa, alsike clover, and two other strange varieties of clover and vetch.

L. A. HAMILTON, land commissioner of the C. P. R. returned from a visit to the Athabasca Landing on Saturday last. On Monday he visited the Stony Plain and on Tuesday the Beaver hills going nearly to Cooking lake. He left for the south and east on Wednesday's train. Mr. Hamilton pronounces the country suitable for grain raising for 30 miles north of Edmonton. Further north to the Landing it is more suitable for stock raising. His examination of the crops in the various sections of the settlement decided first that there had been absolutely no frost up to date, second that in luxuriance of growth and yield per acre in wheat, barley, oats and roots the Edmonton district exceeds any other part of Manitoba or the Northwest, third that the appearance of wheat is not as good as that raised on the drier prairies of south and southeast, but that the oats and barley excel in quality as much as in quantity, and fourth that the quality, variety and luxuriance of the native grasses is unapproached elsewhere. This is Mr. Hamilton's second visit to Edmonton, and his impressions of the district, favorable though they were last year, improve on acquaintance. It may be worth mentioning that the C. P. R. own or will own about 1,000,000 acres of land in the region of which Edmonton is the trade centre.

The Calgary Herald is after immigration agent Miquelon's scalp for having advised immigrants to go to Edmonton. In the first place it is not Mr. Miquelon's business to try and secure the settlement of the Edmonton district as well as of other parts of the Northwest? In the next place, as an honest man, where could Mr. Miquelon advise immigrants to go rather than to Edmonton? Mr. Miquelon is paid by the country at large to work in the general interest. If Calgary wants an immigration agent to work for that place alone and against all others, Calgary had better make up its mind to pay him.

The following notice dated Ottawa, September 11th, was received at the Edmonton land office this week: I am directed to inform you that under the authority of an order in council dated the 1st inst., any person holding a homestead and pre-emption entry of 80 acres each may in future be permitted to have such entries converted into a homestead entry of 160 acres without being required as heretofore to purchase an area of land equal to that of the pre-emption so converted, and without any fee therefor.

IMPORTANT ANNOUNCEMENT

I beg respectfully to inform my customers and the Public of Northern Alberta, that owing to rapidly increasing business I have found it necessary to remove to more central and commodious premises in Jasper Avenue. And I would now take this opportunity of thanking my numerous customers for past favors, and assure them, that as in the past, it will still continue to be my aim to deserve the esteemed patronage which hitherto they have so liberally accorded to me.

I have pleasure in directing attention to the enormous consignment of Fall Goods now opened out, which for value and variety quite eclipse anything yet offered to the Edmonton Public.

Dealing neither in Groceries nor Provisions, the high class Dress Goods, Silks and Velvets, etc., which I carry, escape the dust, and other deteriorating influences which must necessarily accompany the handling of mixed merchandise; and greater scope is also afforded for keeping a more complete and better assorted stock of the lines desired.

LADIES' DEPARTMENT

:0: DRESS GOODS, MILLINERY, ETC. :0:

Space prevents enlarging on this head, but I beg to state that nothing in the Northwest can surpass my line of Dress Goods and Trimmings, which embrace nearly every range and which for durability, beauty, and cheapness, far exceed anything yet shown. In Fall Millinery also the selection now on view is simply A. 1. In Silks, Satins, Velvets and Plushes, I have secured a most lovely and complete assortment. I would direct special attention to a very fine range of Bengaline Silks, in nearly every shade, very suitable for evening wear. In Walking Jackets, Fur Capes and Caps, Mantle Cloths, Jersey and Shawls, there will be found nothing to surpass them in town. Also in Ladies' and Girls' underwear, Corsets, etc., etc., will be found a very large selection. And in Ladies' Fancy Goods of every kind will be found an endless and most complete assortment.

MEN'S AND BOYS' DEPARTMENT

A REGULAR SLAUGHTERING IN THIS LINE,

20 % OFF FOR CASH

Large as my New premises are, I find them too small for the immense stock which I carry. I have therefore given instructions to have a large addition immediately erected. But meanwhile I have no room to put the ENORMOUS FALL CONSIGNMENT of READY MADE CLOTHING still to arrive and I am therefore compelled to offer the stock now on hand at the above sacrifice. It comprises a very fine assortment which may now be had at almost cost.

HOUSE FURNISHINGS, CROCKERY, CHINA, ETC.

Parties furnishing will do well to inspect the large assortment of these goods now displayed consisting of Carpets, Rugs, Floor Cloths, Table Covers, Oil Cloths, Piano Covers, Curtains (all kinds), Window Blinds, Blankets, Quilts, Towels, Sheetings, Napkins, Toilet Requisites, Dinner and Tea Sets, Glass and China ware, Brackets, Handsome Mirrors, Pictures, Ornaments.

Parties writing for samples of Dress Goods, Etc., will receive prompt attention; and to all desirous of inspecting and pricing the goods, a cordial welcome will be given as I am confident that my values will satisfy the keenest buyer.

Buying, as I do, direct from Manchester, England, my Establishment is now designated
